

## Test Plan

| S# | Purpose                                   | Test Data             | Expected Result                                                                       | Actual result                                                                            |
|----|-------------------------------------------|-----------------------|---------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------|
| 1. | Commission ship to squadron within budget | Commission Victory    | Victory in Squadron, war chest = 500                                                  | Victory in Squadron (Active), war chest = 500                                            |
| 2  | Commission ship to squadron within budget | Commission Paris      | Paris in Squadron, war chest = 300                                                    | Paris in Squadron (Active), war chest = 300                                              |
| 3  | Commission ship to squadron beyond budget | Commission Belerophon | Cannot Commission Belerophon since Commission Fee is 500 and balance war chest is 300 | Could not Commission Belerophon since Commission Fee is 500 and balance war chest is 300 |
| 4  | Fight Encounter                           | Fight Encounter 1     | Victory would fight and Win. War Chest=600 and Victory Rested                         | Victory fought and Won. War Chest=600 and Victory Rested                                 |
| 5  | Fight Encounter                           | Fight Encounter 4     | Paris would fight and Loose. War Chest=400 and Paris Sunk                             | Paris fought and Lost. War Chest=400 and Paris Sunk                                      |
| 6  | Commission ship to squadron within budget | Commission Endeavour  | Endeavour in Squadron, war chest = 100                                                | Endeavour in Squadron (Active), war chest = 100                                          |
| 7  | Fight Encounter                           | Fight Encounter 7     | Endeavour would fight and Loose. War Chest= -30 and Endeavour Sunk                    | Endeavour fought and Lost. War Chest= -30 and Endeavour Sunk                             |
| 8  | Restore Rested Ship to Active             | Restore Victory       | Victory should be from Rested to Active                                               | Victory was restored from Rested to Active                                               |

|           |                                                  |                                |                                                               |                                                                  |
|-----------|--------------------------------------------------|--------------------------------|---------------------------------------------------------------|------------------------------------------------------------------|
| <b>9</b>  | <i>De-commission Ship (Active, Rested)</i>       | <i>De-commission Victory</i>   | <i>Victory should be De-Commissioned and War Chest = 220</i>  | <i>Victory was De-Commissioned and War Chest = 220</i>           |
| <b>10</b> | <i>Restore Rested Ship to Active</i>             | <i>Restore Endeavour</i>       | <i>Endeavour cannot be Restored as it is Sunken</i>           | <i>Endeavour could not be Restored as it is Sunken</i>           |
| <b>11</b> | <i>De-commission Ship (Active, Rested)</i>       | <i>De-commission Endeavour</i> | <i>Endeavour cannot be De-Commissioned since it is Sunken</i> | <i>Endeavour could not be De-Commissioned since it is Sunken</i> |
| <b>12</b> | <i>Commission ship to squadron within budget</i> | <i>Commission Endeavour</i>    | <i>Endeavour cannot be Commissioned since it is Sunken</i>    | <i>Endeavour could not be Commissioned since it is Sunken</i>    |
